

ExtremeBlanks®

Custom blanks to match specific uniform programmes.

Similar to Twill Emblem Blanks, **ExtremeBlanks®** are used to create Embroidered Text Emblems, and are usually produced with customer supplied twill or shirting materials. Finished with a 100% polyester Merrow border, the blanks are cut to shape and size based on custom specifications within a set programme. ExtremeBlanks® are often manufactured with patterned materials, creating an exact match to the garments they will be applied to. These blanks are produced with a choice of high-melt glue, low-melt glue or non-woven backings, and can be heat sealed or sewn onto a wide variety of garments and uniforms. The emblems are removable, and are industrial and commercial launderable, relative to backing type and application method.

Coordinated

Block and Script font styles

Merrow border
