

Direct Embroidery Designs

TekSpec[®]
Product technical details

PRODUCT DETAILS

Design Dimensions:

- **Minimum** design size is **0.5" x 0.5"** (1.27cm x 1.27cm).
- **Maximum** design size is **8.0" x 10.0"** (20.3cm x 25.4cm).

Hoop Dimension:

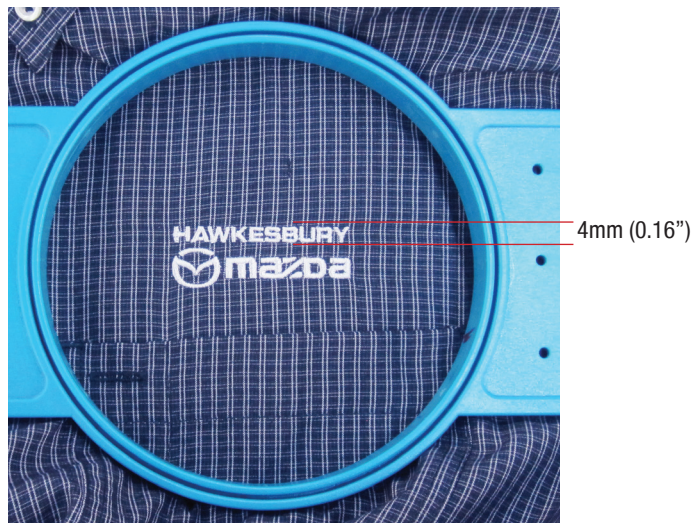

The smallest hoop available is 2.36" (6cm) in diameter, which can accommodate embroidery up to 1.0"h x 2.75"w (2.5cm x 7cm).

Design Placement:

Direct Embroidery Designs can be applied to many different areas of a garment or textile item. It is important to keep design dimensions in mind when choosing the location where the design will be embroidered.

Design Lettering Dimensions:

The text within a design should not be less than 4mm (0.16") in height. Smaller text may need to be altered to embroider slightly larger. For designs requiring a lot of small text, Woven Emblems or printed emblems may be a viable alternative.

Thread Type & Colours:

100% polyester. 120+ colours to choose from. 15 colours per design maximum. Emblemtek uses 100% polyester Madeira Polyneon™ thread. Choose from over 120 standard colours, which can be found on the Emblemtek Embroidered Emblem Thread Chart. A maximum of 15 thread colours can be chosen per design. Extra charges are applicable on designs with more than 7 colours or when using metallic threads. Glow-in-the-dark threads are currently not available.

Custom Threads:

Customers wishing to supply their own threads may do so for orders greater than 100 pieces. Extra charges may apply to track, prepare and store these threads. Emblemtek will only use Madeira Polyneon™ or Isacord® polyester threads. A Customer Service Representative will guide you through the evaluation process for custom materials, to determine required specifications and volumes.

WASHING & DRYING GUIDELINES

Direct Embroidery Designs can be exposed to many washing and drying conditions, relative to the guidelines set forth for the garment or textile item. It is recommended not to expose Direct Embroidery Designs to direct or indirect pressing or steam finishing temperatures greater than 290°F (143°C).

Garment Handling:

Emblemtek offers a range of services related to garment process and handling based on the chart below. Extra fees apply. Please review the price guide for more details.

- ✓ Steaming (included)
- ✓ Folding (included)
- ✓ Placement on Hangers (included if supplied)

ORDERING GUIDELINES

Artwork & Set-up Fees:

No fees*. Emblemtek will provide artwork on new emblem orders for customer Approval prior to production. There are no artwork or set-up fees when existing, electronic or physical designs or samples are provided to Emblemtek. Artwork fees may apply when designs are created from scratch. Digitizing or "punch" fees are applicable for Direct Embroidery Designs. See price guide for details.

Order Quantities:

Minimum 1. The minimum order quantity is one design.

Pre-production Samples:

Available \$. Electronic (scan) or physical pre-production samples (single unit) are available for approved designs. Embroidered samples can be provided on "scrap" fabric or on customer supplied garments. Samples fees are applicable, relative to design detail and design size. See price guide for more information.

Pricing:

Charted & quoted. Charted pricing is available up to a certain size threshold, with larger quantities and larger emblem sizes custom quoted. See price guide for more information.

Delivery Times:

Delivery times are relative to order quantity, design sizes, complexities and availability of supplied garments. See price guide for more information.

Ordering Guidelines:

Order specifics. During the design, artwork and ordering processes, there are specific details that we require in order to proceed with your request, such as:

Garment Type • Fabric Type & Colour • Design Colours • Dimensions • Design Placement • Quantity • Garment Source (customer or vendor drop-ship) • Special Handling or Delivery Needs
